Data + Knowledge

# Knowledge Graph for Diagnosis

Medical Test

# Many Diagnosis Apps

Disease Diagnosis

Financial Fraud

Car Fault

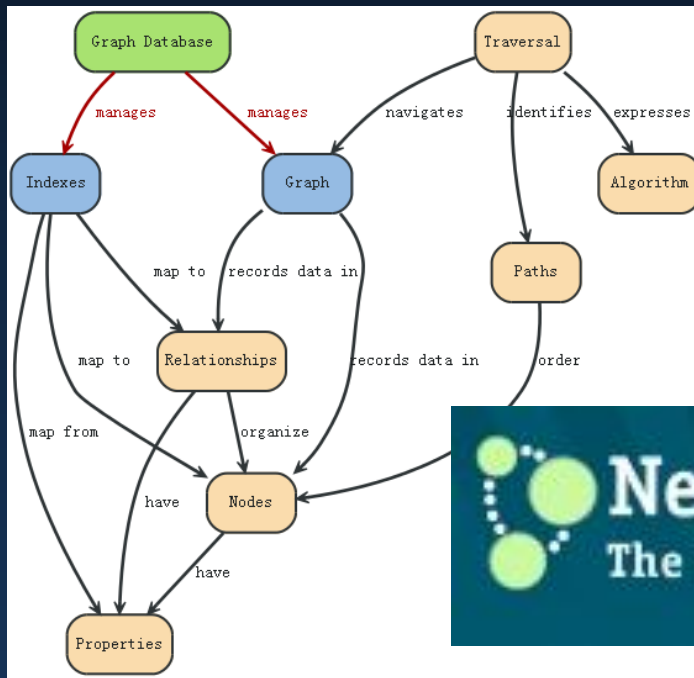

Computer Virus

Is the Cloud ready for  
the Big Data and  
Knowledge Graph ?

# Is today's Graph Database ready to use?

# Does K-V Database fit Knowledge Graph ?

Case	Node	Node	Node	Edge	Edge
Case 1	n1	n2	n3	(n1, n2)	(n2, n3)
Case 2	n1		n3	(n1, n3)	
Case 3		n2	n3		(n2, n3)

# Clustering of Sparse Graph

# Distributed Database for Sparse Graph

# Dispatch Computing close to the Data

# Scheduling the Intense Computing

# Integrate the Knowledge System
